AtishreyVarshney0005
AtishreyVarshney0005 - LeetCode Profile

OBJECTIVE

Motivated and detail-oriented FullStack Developer with hands-on experience in developing dynamic web applications. Proficient in modern frameworks and languages including **React.js**, **React Native**, **JavaScript**, **Node.js**, and **SQL**, with additional expertise in API integration and version control using **GitHub**. Demonstrated ability to design user-friendly interfaces and solve complex bugs while working collaboratively in team-driven environments. Seeking opportunities to leverage my skills and contribute to innovative projects in a fast-paced organization.

EDUCATION

- B.Tech - CSE

G.L Bajaj Group of Institution

CGPA: 8.0

Aug 2026 – Present

WORK EXPERIENCE

- Atitech Innovations Pvt. Ltd. (FullStack Developer)

April 2024 - Present

 - Developed and maintained a web-based pharmacy management application using **React.js**, delivering over **6+ feature-rich screens** and resolving numerous bugs to enhance system performance and user experience.
 - Took complete ownership of frontend development for a **supplementary application**, ensuring seamless integration with the main product.
 - Currently leading frontend development of a **web application** using **React Native**, expanding product capabilities to web platforms.
 - Hands-on experience in **API integrations**, working with **Node.js** for backend interactions.
 - Proficient in **GitHub** for version control, collaborating effectively with cross-functional teams to manage codebase and deployment workflows.
 - Demonstrated strong teamwork, problem-solving, and time management skills by consistently meeting project deadlines under pressure.

PROJECTS

- Multi-Feature Web Application

July 2025 – Aug 2025

 - Developed a platform connecting event organizers and participants, enabling direct interaction and streamlined event registration.
 - Designed and implemented the user-friendly interface using HTML, CSS, and JavaScript.
 - Developed robust and scalable server-side logic in React.js.

SKILLS

- Technical Skills:

Programming Languages:

Python, C++

Web Development: HTML, CSS, JavaScript, React.js

Database Management:

SQL, MySQL, MongoDB

Framework: Django, Java Spring Boot, .NET-MVC

Tools: Git, GitHub, MySQL Workbench, VScode

Cloud Technology: AWS, Vercel, Render

Soft Skills:

- Analytical Thinking

- Problem-Solving

- Work under pressure

- Teamwork

- Time Management

- Adaptability

ACHIEVEMENTS / HOBBIES

- Achievements: Built multiple frontend projects, Strong hands-on experience with React.js and APIs.

Hobbies: Debugging, Chess, Learning New Technologies, Coding Projects, Programming.
